

Roberta Roberto | Project Coordinator

IMEAS Community web Platform

IMEAS Project Meeting

Brussels (BE), 18th June 2019

www.alpine-space.eu/imeas

This project is co-financed by the European Regional Development Fund through the Interreg Alpine Space programme

IMEAS web Platform

Vision

- To **connect** values and communities
- To **foster** cooperation and knowledge exchange
- To **share** knowledge, tools and concrete practices
- To **set people into motion** and find multidimensional and cooperative **approaches**

This project is co-financed by

IMEAS web Platform

Vision

People, institutions and citizens from different Countries, Governance Levels and Economic Sectors who wants to promote the **integration of low-carbon energy policies**

IMEAS web Platform

Access to ready-to-use **tools**, **guidelines sections**, **reference** and **documentation**, (inspiring stories)

Promotion of **Events** and **News**

Network of **Stakeholders** and **Experts**, **people and institutions** from different economic sectors and governance levels

Users can **share experience**,
upload **contents** and **documentation**

IMEAS web Platform – actors and users

We need to **co-create** paths toward a **low-carbon sustainable energy system** and set actors into motion

The IMEAS web Platform addresses:

- ✓ **Researchers**
- ✓ **Technicians** from regional and municipal agencies and PAs
- ✓ **Policy makers** from regional and municipal governance levels
- ✓ **Active civil society**

IMEAS web Platform – our users

Are you a researcher?

You can **promote** your **results** and **activities** to reach a larger audience

- Upload your work (open access, extracts, short notes)
- We will publish it on the Platform and promote it through our social media

You can be part of the **Community**, a **network** of people and institutions, and build new opportunities (the Community page is under improvement and will include new features)

IMEAS web Platform – our users

Are you a technician from regional and municipal levels?

You can **find** easy-to-use **documentation** and **tools** from IMEAS and from the Community

You can **promote** territorial **actions** and **innovative approaches**

- Upload your content (short notes, articles, etc.)
- We will publish it on the Platform and promote it through our social media

You can be part of the **Community** and get in contact with people and institutions from other governance levels and economic sectors

IMEAS web Platform

Upload and publication of products, news and events

1. User submission (you!)

please email to info@imeas.eu to inform about the the submission and provide short text and pictures for social media

2. approval and publication on the Platform (administrators)

3. posts on social media (administrators)

All contents can be in **English** or in **other Languages** (in the latter, provide abstract and keywords also in English)

Please, take care to include relevant **keywords**
